### **Emblem**

A Silver Standing Balance against the Starry Night Sky.

The Balance represents our need for balance in all aspects of our lives.  
We need to balance the needs of newer members and those of our longtime members.  
We need to balance new ideas with old traditions to preserve the best of both.  
The starry night sky represents limitless possibilities and infinite potential.  
It inspires us to reach beyond what we see to what we can imagine.

### **Fun Emblem**

Serendipity the Dragon atop a Friendly Castle

Our fun emblem is a dragon named Serendipity. Dragons are creatures that grow in strength and wisdom as they age. His name is Serendipity because serendipity is the act of finding something better than what you were looking for. He sits atop a Friendly Castle, one with its gates open, to remind us that our Chapters should be open, friendly and welcoming to all.
