

Greetings California!

As we are now in the midst of our holiday season, December is a time for us to focus on two of our extremely vital charitable funds: The Benevolent/Disaster funds. The Benevolent fund is dedicated to the assistance of our needy members and potentially immediate family members who are dependent on them for support. The Disaster fund is dedicated to the assistance of our members who suffer losses due to disasters or catastrophes and is NOT limited to just our own jurisdiction. Together these funds allow us to fulfill one of the most important roles of our Order and our obligation: to render aid and assistance to those in need. As we speak, storms are ravaging the Pacific Northwest (including parts of Northern California) and other parts of our General Grand Chapter. So please, keep these particular funds in mind and offer up whatever assistance you deem appropriate by visiting the “Our Charities” tab on the website.

Alice Raymond, WGM
