

Happy Valentine's Day!

It's a wonderful time of the year, love is in the air, romance and hope is kindled and rekindled. Our hearts are full. And speaking of "hearts," this month is our chance to focus on the Grand Chapter Heart Fund. A fund dedicated to providing for heart related charities designated by our Worthy Grand Matron. The Heart Fund is an important way for all of us to recognize the importance of cardiac health and well-being. It is something that becomes more and more in need of our attention as we get older and the time to lend our assistance is at hand. For contributions to this important fund, please visit our website and click on the "Our Charities" tab.
