

## **Good Day California!**

As we look to the future, one of the many questions we face is, “who will take up our cause when we are gone?” The answer to that daunting question lies with our YOUTH. As an integral part of the Masonic Family, we have a responsibility to mentor our youth. Not just our own daughters and sons, but those who have come seeking self-improvement and purpose in our youth orders. Of all the resources we have to ensure a better tomorrow, the youth of California is without a doubt our greatest. When was the last time, if ever, that you attended a Rainbow Assembly meeting? A Job’s Daughters Bethel meeting? Or even a DeMolay Chapter meeting? These young women and men are searching for guidance, and it is a part of our role as good Eastern Star members to pass on what we have learned, so let’s get started!
