

A Bridge of Support for K9 Officers

California Eastern Star proudly supports Brady's K9 Fund as part of General Grand Chapter's Service Dog charity. This partnership builds a vital bridge between our organization and law enforcement by providing custom ballistic vests for K9 officers.

These dedicated dogs face daily dangers to keep our communities safe. Our partnership ensures they receive the life-saving protection they deserve, shielding them from harm during high-risk operations. By equipping these K9 heroes, Eastern Star honors their service and helps ensure both dogs and handlers return home safely after every mission. Join us in building this bridge of support today.
