Cultivating Our Eastern Star Homes Garden

As we enter this season of gratitude, let us give thanks for the Eastern Star Homes of California and the wonderful residents who call it home.

Also known as our Senior Living Community in Yorba Linda, this beautiful campus provides a vibrant, welcoming environment for both our Eastern Star members and all who choose to live there. The dedication of the staff is truly remarkable; they treat every resident with equal dignity, caring for them just like members of their own family.

Our Eastern Star Homes deserve all the love and support we can give. Please join us this month in celebrating and uplifting this incredible community.

In fraternal love,
Kimberlie Kruse, WGM & Chris Ross, WGP
